

Informational Circular**IC-2012-012**

TO: BOX Participants
FROM: BOX Market Operations Center
SUBJECT: **Complex Order Participant Testing Environment**
DATE: **July 09, 2012**

BOX Options Exchange is establishing a new environment for testing the planned Complex Order functionalities. This new test environment will be available to all BOX Participants on Monday July 13, 2012 and is in the same location as the existing test environment (Equinix NY4). To best take advantage of this new testing environment, BOX encourages Participants to plan their connectivity setup activities as soon as possible.

The current existing test environment will continue to be available until the Complex Order launch planned for October 2012.

BOX Services IP Addresses / Port Numbers

New IP addresses will need to be configured to access the test environment for Complex Order. These are:
