

Informational Circular

IC-2013-012

TO: BOX Options Participants

FROM: BOX Market Operations Center

SUBJECT: Complex Order Book Launch

DATE: April 24, 2013

BOX Options Exchange is pleased to announce the launch of its **Complex Order Book¹** on **Friday May 3, 2013**. Features include, but are not limited to: Continuous Implied-In/Implied-Out, NBBO Price Protection, Market Data Dissemination and Penny Tick Pricing.

All Participants interested in trading Complex Orders on BOX are required to update to the latest versions of the BOX services supporting Complex Order trading and re-certify. The protocol versions for Complex Orders are:

- SAIL Protocol A6
- FIX Specifications v3.6 or higher
- HSVF Protocol C4

Once updated and certified, Participants must coordinate with the BOX MOC to have their connections configured to support Complex Order trading.

<u>Note</u>: Participants who do not wish to trade Complex Orders on BOX are not required to make any change.

Please refer to <u>IC-2012-003</u> for more information on the Complex Order technical implementation.

Launch Details:

BOX will gradualy launch the names available for trading and therefore, on May 3, Complex Orders will only be available on the following names:
