Informational Circular

IC-2022-02

TO: BOX Options Participants
FROM: BOX Market Operations Center
SUBJECT: BOX Network Redesign and Migration to Equalized Cabling - UPDATE
DATE: January 14, 2022

This circular is being issued by BOX Options Market LLC ("BOX") to provide additional information regarding the network redesign and migration to an equalized cabling infrastructure previously described in information circular [IC-2021-52](#).

Beginning January 24, 2022, Participants may begin the process of migrating their connections to the new cabling infrastructure. To do this, Participants must contact the BOX Market Operations Center ("MOC") and complete a Connectivity Request Form.

The Network Connectivity Guide detailing the network redesign and equalized cabling infrastructure is available [here](#) and Participants are encouraged to refer to the guide for more details.

Decommission and Billing

The current BOX cabling infrastructure will be decommissioned on **March 31, 2022**. At this point, all Participants must be connected to BOX through the new equalized cabling infrastructure.

During the transition to the new equalized cabling infrastructure, BOX will not charge for new connections while current connections are still active. Cross connects within the equalized cabling infrastructure will be charged the applicable Connectivity Fee detailed in the BOX Fee Schedule beginning April 1, 2022.

Contacts

Please contact the Market Operations Center at (866) 768-8845 or by e-mail at BOXMOC@boxoptions.com should you require additional information.
