

Open-Close Data Report Request

The Open-Close Data Reports are volume summary files for option trading activity on BOX Options Market. The Open-Close Data Reports are volume summary files that aggregate and bucket the volume by origin (customer, professional customer, broker-dealer, and market maker), buying/selling, and opening/closing position. The Public Customer and Professional Customer volumes are further broken down into trade size buckets (fewer than 100 contracts, 100-199 contracts, greater than 199 contracts). The Open-Close Data Reports are delivered via BOX Option Market’s Secure FTP Server. Firms seeking access to the Open-Close Data Reports must provide the following information to BOX Exchange LLC (the “Exchange”) at dataproduts@boxexchange.com. Firms are required have an executed Direct Market Data Agreement in place prior to obtaining the requested Market Data.

Report Request:	End-of-Day Monthly Subscription	End-of-Day Ad-hoc Request (Historical Data)	Dates Requested: (For End-of-Day Ad-hoc Request)	Academic Purchaser Discount (For End-of- Day Ad-hoc Request)
